Wait for the Official Millinery Opening

THIS fall, as in past years, the Fall millinery season begins with the Posener Opening. The arrival yesterday of 100 Parisian models, forwarded by our Paris office, is only one of many important features of our opening this fall. We can say without fear of exaggeration that there are very few millinery houses in the United States, and none in El Paso, that can equal the showing that we will make at our opening, which takes place some time next week. The above 100 Parisian models in addition to what the eastern designers have contributed, will give us an opportunity to show you a vaster variety of exclusive millinery than all the houses in El Paso combined.

About the New Building

Although we were disappointed in getting into our new building just as soon as we thought, still the little time lost is more than offset by the advantages gained. To carry out our original idea of having a store complete in every detail, it is necessary that no detail be overlooked or hurriedly done.

About the Beauty Parlor

This important department of the new store is rapidly approaching completion. The furniture is now being installed. We can advise you in advance that we have secured for this department, experts in every class of the work, in fact, the Posener Beauty Parlor will be the best of its kind in the United States.

ROOSEVELT BREAKS EVEN IN NEW YORK FIGHT; POLITICS EVERYWHERE

(Continued From Page One.)

from the greater city to the state convention.

Roosevelt Loses.

There were unsuccessful contests, backed by the old guard leaders in several districts in New York county, while in Kings the friends of Roosevelt endeavored to capture some of the districts heretofore controlled by chairman Woodruff, of the Republican state committee, but without result.

Mr. Woodruff had expected to lose four districts in Kings in which the leaders are recognized as progressives, but he won in all the others.

As soon as results were known at Republican headquarters, the state chairman issued this statement:

"The returns from the parties in Kings county show that while the districts controlled by naval officer Kracke, postmaster Voorhis, congressman Calder and senator Travis have 23 delegates out of a total of 142, the other 169 will all support the Kings county organization and vote to ratify the votes of the state committee from Brooklyn in the selection of vice president Sherman for temporary chairman of the convention.

"Although chairman Woodruff says the returns indicate that a number of New York county delegates will support vice president Sherman, the Roosevelt forces, headed by county chairman Lloyd C. Griscom, claim the delegation will support the colonel almost to a man. They also count on the support of the Richmond delegation, although John Timlin, Jr., Republican leader in the county, who voted as proxy for Geo. Cromwell at the recent Republican state convention meeting, voted against Mr. Roosevelt for temporary chairman.

"The progressives had hoped to add to Mr. Roosevelt's strength by connecting their efforts in certain Kings county districts controlled by chairman Woodruff, but the latter was able to withstand the attacks.

State committeeman William Barnes, Jr., of Albany, who has been cooperating with state chairman Woodruff in directing the old guard, issued a statement last night characterizing colonel Roosevelt as "the most dangerous foe to the world of business and labor in the United States."

Roosevelt and Bryanism.

"If Mr. Roosevelt is temporary chairman and if the convention adopts the report of a radical committee on resolutions, New York will place herself alongside of Kansas and Iowa, and the conservative element of the Republican party, which for years has been its backbone, will be invited to the rear, and the 'new nationalism' coupled with the Bryanite pronouncement against the decisions of the supreme court, will take its place.

"If the action of the state committee in unanimously selecting Mr. Sherman after Mr. Roosevelt's name was voted down, should be ratified by the convention and if a committee on resolutions is appointed which will draft a platform endorsing the adoption of president Taft in forcible language, declaring opposition to the political hysteria of the hour, and firmly planting itself upon the sane Republicanism of the past, then the party can enter the campaign with respect for itself, which ought to command the respect of the majority of the electorate as it has before.

Passions of the Mob.

"Some of the men who are urging Mr. Roosevelt's candidacy for temporary chairman of the convention, against vice president Sherman have little realization of the rising tide of popular disapproval which Mr. Roosevelt's speeches in the west have caused. His assumption of power is looked upon with wonderment. His ability to arouse the passions of the mob is dreaded in every quarter of the state and every day the menace of his political ascendancy to business and to labor is more thoroughly appreciated.

"I do not believe that his name will ever be presented to the convention against the recommendation of the state committee for Mr. Sherman."

CONNECTICUT IS FRIGHTENED A BIT

Nice Things Are Said About Taft and Roosevelt Both.

Hartford, Conn., Sept. 14.—The result of the Maine election came as a great surprise to the Republican leaders of Connecticut and the effect has

been to alter somewhat the plans as to the makeup of the state ticket, which the convention will nominate today. The desire is to strengthen the ticket by altering the state, which save the gubernatorial place, had been prepared as acceptable to the convention.

The first place nomination had been carefully considered by the leaders in realization of the prominence of Judge Baldwin, the Democratic nominee, and because it seemed impossible accurately to gauge the strength of the two candidates.

Congressman E. J. Hill, temporary chairman of the convention, devoted most of his address to a discussion of the Payne tariff bill. He declared that in the 12 months it had been in operation it had brought into our ports "absolutely free of tax \$768,047, 221 worth of products, which is more than all the importations, free and dutiable during any year of the Wilson bill, and \$110,000,000 more than the free importations in any year of the Dingley bill."

It has brought into our ports \$794, 273,350 worth of dutiable products which have paid in custom duties \$227, 875,672, or more than in any year in the nation's history except the boom year of 1907," he also declared.

The speaker referred to Roosevelt as a flaming torch throwing light into the dark places of greed and monopoly and arousing the sleeping consciences of a money making and self satisfied nation.

He declared that president Taft in the 18 months since his inauguration "by calm persuasion, infinite patience and unflinching tact had hammered out of the white heat of popular passion more corrective law and constructive legislation than has ever come from any other congress in its entire existence."

MISSOURI LEADERS ARE BUSY BUNCH

Hadley and Folk Dominant Men in the Two Parties.

Jefferson City, Mo., Sept. 14.—The platform of the Democratic and Republican parties of Missouri were completed here today by party leaders, who have been in convention. The Democratic platform denounces the Payne-Aldrich tariff law and declares for tariff for revenue only.

The administration of president Taft is endorsed in the Republican platform, which favors the principle of protective tariff reducing the tariff on necessities and increasing it on luxuries. A tariff commission is urged.

Contrary to expectations Jos. B. Shannon, of Kansas City, an adherent of Jas. A. Reed, also of Kansas City, a candidate for the United States senate against David R. Francis of St. Louis, was elected chairman of the Democratic state committee. His chance is considered a decided victory for the Reed forces and a setback for Francis.

Chas. D. Morris, of St. Joseph, favored by Gov. Hadley, was chosen chairman of the Republican state committee. Jas. A. Finch, of Scott county, was elected secretary, and former chairman Walter S. Dickey, of Kansas City, treasurer.

The Democratic platform which is to be adopted today, will contain an endorsement of Jos. W. Folk for president in 1912. The opposition sought to make this a separate resolution but failed. The platform committee split on the liquor resolution. This was left until

today in the hope that an agreement may be effected with the Republicans that both parties say nothing in their platforms on the subject, as a prohibition amendment is to be voted on at the November elections.

DEMOCRATS WIN MAINE COMPLETELY

Republicans Able to Save But Two Congressmen, Maybe But One.

Portland, Me., Sept. 14.—Complete returns of the vote for senators and representatives in the state election yesterday gave the Democratic substantial majorities in both branches of the Maine legislature, which at the beginning of the new year will elect a United States senator to succeed Eugene Hale, a secretary of state, state treasurer, an attorney general and a commissioner of agriculture.

The new legislature also probably will be called upon to carry out the declaration of the Democratic party platform of recent years and resubmit to the people the liquor prohibitory amendment to the constitution and to repeal the Sturgis liquor law act.

Practically complete returns on the vote of the state for governor give Col. Frederick W. Plaisted, Democrat, 72,644, and governor Bert M. Pernald, Republican, 64,912, a plurality for Plaisted of 8732, as against a plurality of 8064 for governor William T. Cobb, Republican, four years ago.

Doubt still exists tonight regarding the result in the fourth congressional district, congressman Frank E. Guernsey of Dover, the Republican candidate, and Geo. M. Hanson of Calais, Democrat, each claiming victory by a small plurality.

In the first district Asner C. Hinds, Republican, is apparently elected by a plurality of 324 over William H. Penzell. The Democrats may contest.

The second and third districts will have Democratic congressmen, D. J. McGillicuddy of Lewiston succeeding congressman Jno. P. Swasey, Republican, in the district which Nelson Dingley, of Dingley law fame, formerly represented, while Samuel W. Gould of Skowhegan, will be the successor of congressman Edwin C. Burleigh, Republican, who has represented the third district for the last 18 years.

BAILEY DENIES HE ATTACKED VETERANS

He Is Charged With Having Called Roosevelt and Others Tin Soldiers.

San Antonio, Texas, Sept. 14.—Senator J. W. Bailey has been called upon by the Spanish War Veterans of this city to explain whether or not he made certain statements attributed to him in a speech he made at Wolf City, Texas, at a reunion of Confederate veterans held at that place on June 17, 1910.

He was quoted as saying that "Roosevelt was a tin soldier and other words of contempt for the soldiers of the Spanish war and for the war itself."

In reply to a letter from the past commander of the Luther R. Hare camp of the Spanish War Veterans of this city, Senator Bailey denies that he spoke "words of contempt for the Spanish war veterans." His letter was brief and further than this did not make any

explanation. The members of the local camp of the Spanish War Veterans are disappointed that senator Bailey did not make a stronger denial and there promises to be a warm time at the next meeting of the camp, which takes place next Wednesday night. The exact words attributed to senator Bailey in his Wolf City speech are: "Had it not been for the Spanish-American war the shadow of the tin soldier of that contest would not now be falling across the continent."

TERRELL TO MAKE FIGHT OF HIS LIFE

Republican Candidate For Governor to Attack Saloons and Baileyism.

San Antonio, Tex., Sept. 14.—If the Republicans do not have a governor this fall it will not be due to lack of effort on their part. Judge J. G. Terrell, of San Antonio, the Republican nominee, will make the most vigorous campaign ever undertaken in this state by any man opposed to the Democratic nominee since the days in which populism was rampant in the land.

The Republicans are thoroughly in earnest. They believe the evident control of the Democratic party by the saloon element of the state and its subservience to United States senator Joseph W. Bailey warrants the hope their candidate will at least make it extremely interesting to the Democratic nominee.

WOODROW WILSON TO RUN FOR GOVERNORSHIP.

Will Be Democratic Nominee in New Jersey—Former Governor Edward Stokes for Senatorship.

Trenton, N. J., Sept. 14.—Returns from yesterday's primaries indicate that former governor Edward Stokes won over former governor Franklin Murphy in the contest for the Repub-

lican endorsement for United States senator.

In Hudson county, where the Republican progressives seem to have won, congressman Fowler got a heavy vote, something like 8000 to 16,000. He was third in the Republican race for endorsement as senator.

Essex county renominated congressman R. W. Parker and W. E. Wiley, both regular Republicans. The vote in Essex county was decidedly in favor of the regular organizations on both the Republican and Democratic sides.

On the Democratic side, the United States senatorship contest does not seem to have attracted much attention. The principal interest centers in the contest in Essex and Hudson counties for delegates to Thursday's state convention.

Democratic state chairman Nugent claims that the result of the primaries means the nomination of Dr. Woodrow Wilson for governor on the first ballot. Friends of Mr. Wilson, who is president of Princeton university, claim that he will have 1900 of the 1400 delegates in tomorrow's Democratic convention and will be the party's choice for governor.

THE SAGE OF ESOPUS COMMENTS ON THE COLONEL

Says Roosevelt Has Dressed of Imperialism That Will Never Be Realized.

Asks Will Roosevelt Deny?

New York, N. Y., Sept. 14.—Judge Alton B. Parker, Democratic candidate for president in 1904, took occasion to comment on the Democratic victory in Maine and on other matters that appear

when taken in medicinal doses, just before a meal, stimulates the mucous surfaces and little glands of the stomach, causing a sufficient flow of the gastric juice to digest the food. If continued it will cure the disease or weakened function by its tonic and stimulating effect. It also excites the flow of saliva for the digestion of starchy food, preventing fermentation in the stomach and bowels.
